

Container Availability Index

About: An index of 0,5 describes a balanced market, below 0,5 a shortage of containers and above 0,5 a surplus of containers. For more information, check out our website <https://container-xchange.com/features/cax/> and reach out to ffr@container-xchange.com anytime.

Container xChange authorizes you to view and download the CAx for offline analysis or reporting. Our content may not be sold, reproduced, shared or distributed without our written permission. The Container Availability Index is a Container xChange product, Imprint: <https://container-xchange.com/imprint/>. Any violation will immediately result in blocking of the client.
